

 This zone can be visible in the envelope window. Avoid printing in this area. If you do print information in this zone, avoid printing sensitive information.

 These zones are reserved for specs. Specs will add technical markings (barcodes and control lines). Do not print in those zones.

 This area is where you can print the address box. If you stay within this area, the address will always be visible in the window of the envelope.

 Avoid printing in the margins of the page.

 Place your logo here to make it visible in the double window of the envelope.

*If completed by hand, one single UPPER CASE LETTER in black (or blue) per box*
